

# Flex-Lift™/130

A mobile floor lift you can carry

Primary use:

- Lift users, who travel a lot, either job-related or on vacation
- As a second lift for disabled children, who already use a ceiling lift
- For community nurses on house visits

With its excellent lifting range the Flex-Lift allows patients to be lifted from the floor.

This ergonomic mobile floor lift can be folded in seconds for easy and discreet storage.

It fits easily into the trunk of a standard car and can be carried as two separate bags weighing only 16 and 15 kg.

Product Highlights:

- Max. user weight 130 kg. (286 lbs / 20,66 st.)
- Electrical lifting.
- Lifts from the floor. Lifting range of 116 cm (46")
- The chassis folds flat for convenient storing
- Can be assembled and disassembled in minutes, without the use of tools
- Can be carried effortlessly by one person
- Fits into a standard size trunk making for versatile use in many situations

**BORRINGIA**

Good lifting height.

Foldable and easy to store. Takes up little space.
